

Homeowner HVAC Contractor Comparison Checklist

Take this checklist with you during every HVAC estimate. Compare contractors using the same questions so you can make an informed decision.

- ☐ 1. How did you determine the correct size system for my home?
- ☐ 2. What factors besides square footage did you evaluate?
- ☐ 3. What SEER rating do you recommend and why?
- ☐ 4. What equipment and labor warranties are included?
- ☐ 5. Who will install my system? Are they licensed and insured?
- ☐ 6. What is included in the quoted installation price?
- ☐ 7. Will you inspect my existing ductwork?
- ☐ 8. How will this system control Florida humidity?
- ☐ 9. What maintenance is required to protect my investment?
- ☐ 10. What financing options are available?
- ☐ 11. What indoor air quality upgrades should I consider?
- ☐ 12. What testing and walkthrough will you perform after installation?
- ☐ 13. How long should this system realistically last?
- ☐ 14. Can you provide local references or reviews?
- ☐ 15. Why are you recommending this specific system?
